

# — THE JAY O. GLERUM RIGGING MASTER CLASSES

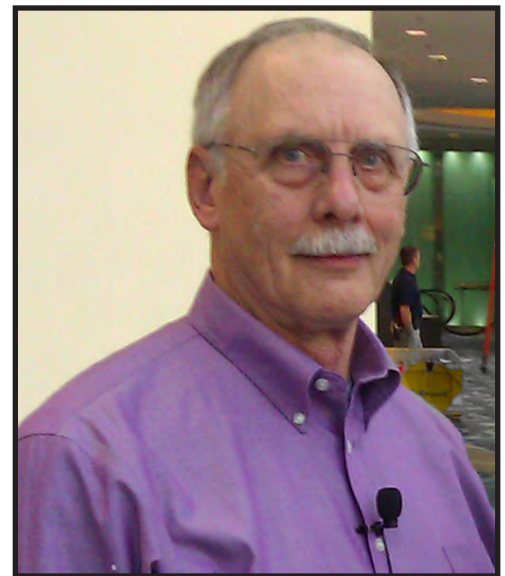

**Honoring the memory of Jay O. Glerum, these classes will be taught in two tracks each year.**

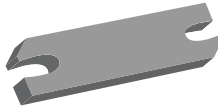

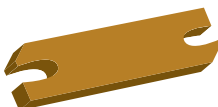

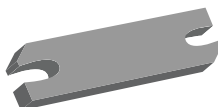

**Advanced Track** will qualify for ETCP renewal credits and cover topics such as high speed winches, new safety protocols, and other advances in rigging.

**Entry Track** is aimed at secondary educators, community theatre volunteers, and students. This track will focus on entry level rigging including scenery and lighting. Educators will be able to receive CTE credits.

**Sponsor support will be used to make the cost of attending affordable. Prices will reflect the level of learning. The entry track will be more heavily subsidized through the generosity of sponsors.**

Join us to make the Glerum Master Classes an avenue to promote rigging safety, one of the many legacies of Jay O. Glerum
