

USITT POLICY & PROCEDURE COMPENDIUM

WEB VERSION

Final as of
March 19, 2019

Policies are principles, rules, and guidelines formulated or adopted by an organization to reach its long-term goals. They are designed to influence and determine all major decisions and actions, and all activities take place within the boundaries set by them.

Procedures are the specific methods employed to express policies in action in day-to-day operations of the organization.

Together, policies and procedures ensure that a point of view held by the governing body of an organization is translated into steps that result in an outcome compatible with that view.

Note: Does NOT include Board, Commission, Conference, Exhibitor, Employee, Regional Sections Formation Guidelines, Student Chapter Formation Guidelines or Publications Manuals/Guidelines which can be found elsewhere on the USITT website.

Note: “USITT” has been removed from index titles to assist in indexing.

POLICY FOR THE ANNUAL CONFERENCE & STAGE EXPO COMMITTEE:

Charge: The Committee is charged with establishing policy regarding the Annual Conference and providing liaison between the commercial exhibitors and the Institute.

Duties: The Committee is both a governance and an operational committee: providing strategic planning for the future of USITT conferences as well as oversight and operational functionality for each annual conference. Its duties are to

- Produce quality programming, exhibits and exhibitions for the annual conference
- Provide an optimum environment and appropriate activities to facilitate communications among USITT members during the annual conference
- Facilitate and increase communications among related national and international associations and their members in the planning and execution of the conference and surrounding events

Composition of the Committee:

The Committee is chaired by the Vice-President for Conferences (VP-Conferences) or his/her designee as approved by the Board of Directors and consists of the following voting members: two Directors selected by the Board; representation from the Regional Sections in the areas of upcoming conferences; other members to be selected by the VP-Conferences (following ARTICLE VII. Section 2); the VP-Exhibitions; the VP-Education & Training; the Executive Director; and USITT Office Staff as determined by the Executive Director.

PROCEDURE FOR THE COMMITTEE:

See Annual Conference & Stage Expo Manual for further information.

AFFILIATED GROUPS MEETING AT THE ANNUAL USITT CONFERENCE & STAGE EXPO
Policy adopted November 5, 2012
(Supersedes all other documents on this subject)

It is the policy of USITT that all outside groups wishing to meet during the USITT Annual Conference & Stage Expo in spaces primarily reserved by USITT, negotiate a relationship with the Institute. The determination of an Affiliated Group should be based on "common interests" of the two organizations. The Affiliated Group's activities or policies may not be contradictory to or competitive with those of the Institute. The determination of the Affiliate status should be made in the spirit of inclusiveness.

If an Affiliate Group status is warranted, a Letter of Agreement (LOA) would be signed between the organization and the Institute. All such agreements will be negotiated by the Executive Director of USITT.

The Affiliated Group may book hotel rooms as part of USITT's room block. Affiliated Group members are responsible for making their own reservations. Affiliated Group members may register for part or all of the USITT Annual Conference at USITT member rates.

Meeting room space for the Affiliated Group will be made available if the following conditions are met:

1. All space needs for USITT programming and business meetings have been met.
2. Provision of the space does not incur additional cost or liability to the Institute.

USITT POLICY FOR SELECTION OF ANNUAL CONFERENCE SITES

Policy adopted November 5, 2012

(Supersedes all other documents on this subject)

The following criteria should be considered when seeking potential conference sites:

- A. Sites should rotate yearly with even distribution throughout North America. This stipulation should not preclude special siting if circumstances justify it (for example, a special festival or theatrical event).
- B. Sites must be able to establish adequate and cost-effective exhibit space, hotel facilities and meeting spaces and satisfy all Institute safety standards.
- C. Sites must provide a diversity of interests for the membership and Annual Conference attendees.
- D. Potential sites should be evaluated according to the following criteria:
 - 1. Programming Potential: Site should provide an array of theatre/live entertainment activities from which programs may be drawn, including sessions of interest to professional theatre members, educational theatre members and exhibitors. The site should have the potential to make an important and unique contribution to the conference.
 - 2. Convenience to attendees: easy and economical accessibility, with convenient and reasonable travel options, hotel costs and food costs.
 - 3. Site should provide a good base of potential attendees.
 - 4. Local support: Site should have a nucleus of motivated USITT members to assist in planning and support of the event.
 - 5. Scheduling: Dates for the conference should avoid conflicting events when possible.

PROCEDURES FOR THE SELECTION OF ANNUAL CONFERENCE SITES

- 1. Determine the geographic area(s) (by Board Policy above) for a specific Conference year.
- 2. Establish a preliminary list of potential Conference sites keeping in mind the desire for geographical diversity.

3. Develop an RFP for solicitation and send to pre-determined. This is not an open solicitation but is only sent to sites under consideration.
4. Upon receipt of the completed RFPs and site visits for various sites, the Executive Director will consult with the VP- Conferences and other interested parties regarding the proposals. A ranked list of potential sites will be developed and a recommendation will be prepared for the Board.
5. The VP-Conferences will present the recommendation to the Board of Directors for approval.
6. Upon the approval of the Board of Directors regarding a specific site, the Executive Director will negotiate and complete all contracts in consultation with the VP-Conferences before any public or printed announcement of the potential site is made.
7. Upon completion of the contract signatures for a future conference site, all site bidders for that given year will be notified by the Executive Director as to the decision of the Board.

Charge: The Archives Committee is charged with establishing procedures for identifying and preserving the archival records of the Institute, and establishing guidelines for the maintenance of such records.

Duties:

- To collect, organize, maintain, and document records and other materials that reveal the development, achievements, memberships, actions and service functions of the Institute for future generations
- To preserve materials of enduring value based upon the information they contain, created or received by USITT in the conduct of its affairs
- To review acquisition and records retention priorities every 5 years or earlier as special needs arise. Except as required for the conduct of official business of the Institute, access to the archives will be available upon specific written request to the Executive Director.

Composition of the Committee: The Chair of the Committee shall be the USITT Archivist appointed by the President and approved by the Board of Directors. ARCHIVE COLLECTION POLICY
Policy Adopted November 12, 2011
(Supersedes all other documents on this subject)

The USITT archives serve as a repository for original manuscripts, printed publications (or when necessary, photo or electronic copies), historical photographs, oral history tapes and other materials which document the heritage of USITT from its inception to the present. It may also hold contributions of its members to the performing arts and entertainment industry. Manuscript sources include letters, minutes, financial records, reports and other documents as specified in the **Archives Contents and Collection Guidelines**. It is not the intent of the Institute to collect artifacts and books. Printed materials are accepted only if they are an integral part of the Institute's

heritage. The Archive Committee will determine all accession decisions based on the research value of the material, its relative value to the overall holdings, and resources required for processing, storage, and reference. Should the acquisition have budgetary considerations exceeding \$500, the Committee will then make a recommendation to the Board of Directors of the Institute regarding the item(s). The Institute does not purchase collections, nor does it appraise collections for tax purposes.

Audit Committee
Policy adopted June 18, 2010
Policy Amended March 25, 2014
Procedure reviewed June 18, 2010
(Supersedes all other documents on this subject)

COMMITTEE TYPE: Standing

BYLAWS citation (if applicable):

ARTICLE VII.3.e. Audit Committee. The Audit Committee shall assist the Board of Directors in fulfilling its oversight responsibilities with respect to (1) the audit of the Corporation's books and records and (2) the system of internal controls that the Corporation has established. The Audit Committee is granted the authority to investigate any matter or activity involving financial accounting and financial reporting, as well as the Corporation's internal controls. This Committee shall be responsible for hiring, setting compensation, and overseeing the auditor's activities. The Committee will meet with outside auditors at least once annually and at other times when considered appropriate. The Committee will make regular progress reports to the Board.

POLICY FOR AUDIT COMMITTEE:

Charge:

The Audit Committee acts as a liaison to the organization's independent external auditor who is a certified public accountant ("CPA") or firm of CPAs.

Duties:

- Select the independent external auditors and review the annual fees to be paid for services rendered by them and each proposed audit plan developed by management and the external auditors.
- Meet in separate executive sessions with the independent external auditors at least once annually and at other times when considered appropriate to review the organization's annual financial statements and reports. Consider whether they are complete and consistent with information understood by the committee members.
- Review and evaluate the management letter received from the independent external auditors and discuss recommendations for any changes necessary to remedy problems identified in the letter.
- Maintain communication between the board and independent external auditors. At the completion of the audit, review the audit fieldwork process with the auditors. Obtain an understanding of their evaluation of management and whether they encountered any difficulties or had any disagreements with management during their audit.
- Review all journal entries proposed by the auditors.
- Recommend approval or modification of the annual audit to the Board.
- Provide oversight in the following areas: timely completion of federal and state tax filings and periodic review of the organization's insurance coverage

- Provide oversight, implementation and enforcement of the Institute’s conflict-of-interest and ethics policies.

Composition of the committee:

The Audit Committee shall consist of three financially literate members, at least one of whom shall have accounting or financial management expertise, in order to better evaluate accounting firm bids to undertake auditing, and to make sound financial decisions as part of their fiduciary responsibilities. Financial literacy refers to the ability to read and understand fundamental financial statements, including an organization’s balance sheet, and statements of revenue and expenses, changes in fund balances and cash flows. Past employment experience in finance or accounting (including being a senior officer with financial oversight responsibilities), a professional certification in accounting, or any other comparable experience or background should qualify as accounting or financial management expertise. Members of the Audit Committee must not be involved in any conflict of interest transaction or be compensated in any manner by the organization other than director’s fees paid generally to all directors, if any. The Board shall select two Directors, one of whom will serve as chair, to serve on this Committee. The third member of the committee may be a non-member of the Board chosen by the Chair. Officers may not serve on the Audit Committee.

PROCEDURE FOR THE COMMITTEE:

The Audit Committee should meet with the auditors at least twice each year for at least 45 to 60 minutes. One meeting should discuss the proposed audit plan to address areas of financial reporting and internal control risk, and the second should cover the results of the completed audit.

1. In the spirit of candor, the Audit Committee should seek information such as:

- a. The “quality” of the balance sheet.** Find out the extent to which audited financial statements are affected by management’s accounting estimates and judgments, and where those estimates and judgments fall on a scale from conservative to aggressive.
- b. The “quality” of annual earnings.** Find out the extent to which the current year’s operating earnings reflect error corrections, estimate adjustments, or one-time transactions that may distort actual performance for the year.
- c. The nature and magnitude of significant year-end accounting adjustments made just before or during the audit.** Large yearend adjustments may indicate that monthly financial information provided to the board is unreliable.
- d. The system of internal controls.** Most independent financial audits only check on internal control processes to the extent necessary to understand how they are intended to work and to design other complementary audit tests, not to fully verify internal controls.

2. The Audit Committee should ensure that the independent auditor is able to communicate directly with the Audit Committee regarding any issue or concern that may arise in the course of the auditor’s work.

3. The Audit Committee should be satisfied that management has established an effective process for maintaining adequate internal controls and procedures for accurate financial reporting.

4. The full board should be informed of and knowledgeable about the audit function.

The Audit Committee should take a leadership role with management in ensuring that the committee and the entire board have adequate education and orientation relating to risk monitoring, industry financial performance drivers and financial literacy.

5. The Audit Committee should assess its own performance and continuously improve its processes. Some ways to do this are benchmarking against other Audit Committees in similar organizations or asking the outside auditor or an independent consultant to lead a self-assessment discussion with the committee.

http://www.greatboards.org/newsletter/reprints/Audit_Committee_Best_Practices_Wilson.pdf

6. The chair of the Audit Committee and chair of the Finance Committee shall annually review their collective/shared responsibilities regarding the following three areas.

- a. The Finance Committee ensures that budgets and financial statements are prepared; the Audit Committee has oversight for ensuring that reports are received, monitored, and disseminated appropriately.
- b. The Finance Committee monitors financial transactions; the Audit Committee makes sure things are done according to policy and with adequate controls.
- c. The Finance Committee provides guidance about what can be done; the Audit Committee ensures that independent oversight occurs.

Each chair will report to their respective committees and to the President the results of that review. The appropriate committee will be responsible for addressing issues from the review.

POLICY FOR AWARDS AND RESOLUTIONS COMMITTEE

Charge: The Awards and Resolutions Committee shall recommend to the Board of Directors the recipients for various awards and resolutions to be granted by the Institute in a given year. The Awards and Resolutions Committee shall evaluate any proposed new Awards categories and make recommendations to the Board for adoption. All recommendations from the Committee require ratification from the Board of Directors.

Board of Directors approved policy, August 4, 2012: Recipients of USITT Awards, both juried awards and awards for achievement, by default be publicly announced before the Annual Conference & Stage Expo at which those awards will be given. In certain circumstances, the Awards & Resolutions Committee may recommend that an award or achievement remain secret until the conference.

Committee members, including the Chair, are appointed yearly and may serve no longer than six years. The two designated Directors must rotate off the committee as Directors if their terms expire.

POLICY for Honor Awards
Adopted November 12, 2011
Amended June 5, 2012
Amended August 13, 2015

(Supersedes all other documents on this subject)

USITT recognizes excellence and significant contributions in the performing arts and entertainment industry, in the areas of design and technology, through a variety of awards. These awards honor established professionals and performing arts/entertainment-focused organizations throughout the world. The National Office is responsible for the manufacture and shipment of plaques/citations.

The following awards for Special Achievement by Individuals or Organizations are selected by the Awards & Resolutions Committee and potential recipients are recommended to the Board of Directors for approval. Nominations deadline for these awards will be no later than July 1st. The Awards & Resolutions Committee Chair will then place the recipients' names on the Consent Agenda for approval by the Board at the August Board meeting.

USITT Award, the highest honor given by USITT, recognizes a lifetime of distinguished contribution to the performing arts or entertainment communities in any capacity. Recipients of this award need not be members of nor have any connection to USITT. When appropriate, one or more awards may be given annually, though not required.

Joel E. Rubin Founder's Award is presented to a USITT member in recognition of outstanding and continued service to the Institute. This award was named in honor of Dr. Joel E. Rubin, co-founder and the second president of the Institute. When appropriate, one or more awards may be given annually, though not required.

Thomas DeGaetani Award, named in honor of the first USITT president, honors an outstanding lifetime contribution to the performing arts or entertainment industry by an individual or a performing arts/entertainment-focused organization living and/or working in a particular region of the country, generally near the location of the Annual Conference & Stage Expo. Recipients of this award have distinguished themselves by their service or contribution in the arts or entertainment within that region. Recipients of this award need not be members of nor have any connection to USITT. Traditionally a nomination for this award originates from regional representatives on the Conference Committee and members of the area's Regional Section. Awarded annually.

Wally Russell Professional Mentor Award honors professionals in the professional entertainment industry from any discipline served by USITT who have offered significant mentoring to individuals in design and technology. The recipient will have/had an active life outside the academy and the mentoring of young/early career professionals will have taken place in that professional sphere. The annual award is administered in partnership with the Wally Russell Foundation, but is a USITT Award. The award recipient will be recognized at the USITT Annual Conference and will participate in Conference events such as DAA Winners in Conversation, receptions, and scheduled sessions as appropriate and available. There is

no stipend paid to the recipient but travel to/from the conference, housing, and a full conference pass is provided. A six (6) member Jury shall include three (3) representatives from Wally Russell Foundation and three (3) from USITT. Award to fall in the cycle of YD&T, piggyback submission and advertising.

The Wally Russell Mentor Award is intended to recognize those professionals in the entertainment industry that embody the spirit of Wally Russell. As a lighting designer and businessman, Wally provided guidance and mentoring to young professionals early in their careers and maintained contact with them throughout their lives. Those people often did the same for others creating a spirit of mentoring and teaching beyond the academy. The recipient of this award will have made an impact upon young professionals and helped inspire the next generation.

Honorary Lifetime Membership Award is bestowed upon a small but very distinguished group of individuals in recognition of a lifetime of continuous service to the Institute.

Prior to 1992, a USITT membership category made it possible to pay a fee for a period of time in order to become a "Lifetime Member." Once the designation of Honorary Lifetime Member was approved by the Board of Directors, the lifetime membership category was phased out. The first Honorary Lifetime Membership Award was presented in 1992 to Samuel H. Scripps and in 1996 the Institute began using the Honorary Lifetime Membership Award as a way to recognize "a significant period of years of continuous and extraordinary service to the Institute." This honor has been awarded infrequently.

Special Citations are given to recognize outstanding achievement in any area of the performing arts or entertainment industry by an individual or an organization. This recognition is used for an acknowledgement that does not seem to the nominator or the Committee on Awards and Resolutions to fall appropriately into one of the above award categories. Recipients of this award need not be members of nor have any connection to USITT.

Distinguished Achievement Award honors an individual who has established a meritorious career record in a specific field of expertise in any area of design or technology in the performing arts or entertainment industry. Areas of achievement include, but are not limited to scenic design, lighting design, sound design, technical direction, costume design, theatre architecture, theatrical consulting, production management, arts management, costume direction, education, health and safety, entertainment technology or a convergence of these disciplines. The recipient, who does not have to be a member of USITT, is honored during the Annual Conference & Stage Expo. Conference sessions are often planned to focus on the contributions and careers of recipients, and their work is frequently featured in an exhibition. No more than one achievement award per commission may be given in a single year.

The nomination process for the Distinguished Achievement Award includes the required endorsement of the USITT Commissioner(s) supervising the appropriate area(s) on the

nominee's accomplishment and the VP for Commissions, followed by the recommendation of the Awards & Resolutions Committee to the Board of Directors for approval.

From time to time a commission may wish to give an internal award to one of its members for outstanding service to the commission. The award recipient must be approved by the Awards and Resolutions Committee but does not need to be approved by the Board of Directors. At this time only one such award category exists: The Donald Stowell Award (aka the "Donnie" Award). The recipient is chosen by the Costume Commission for outstanding service by a USITT Member to Costume Commission activities. The Costume Commission is responsible for determining appropriate selection criteria and methodology, communication with the recipient, and presentation of the award. If other commissions/Institute entities wish to follow this internal award category by naming such an award, the VP for Commissions (in the case of a Commission internal award), the Awards & Resolutions Committee, and the Board of Directors must approve the institution of such an award.

CONFLICT OF INTEREST POLICY
UNITED STATES INSTITUTE FOR THEATRE TECHNOLOGY, INC.

Adopted 6/25/2009

Amended 11/05/2012

(Supersedes all other documents on this subject)

Article I – Policy Statement

It is the policy of the United States Institute for Theatre Technology, Inc. (the “Corporation”) to require all directors, officers, committee members, employees, contractors, or other service providers of the Corporation to avoid any conflict of interest between their respective personal, professional or business interests and the interests of the Corporation, in any and all actions taken by them on behalf of the Corporation in their respective capacities. A “conflict of interest” may occur if an interest or activity influences or appears to influence the ability of an individual to exercise objectivity or impairs the individual’s ability to perform his or her responsibilities in the best interests of the Corporation.

Article II – Procedure

1. Duty to Disclose. Any director, officer, committee member, employee, contractor, or other service provider of the Corporation having an interest in a contract, transaction or program presented to or discussed by the Board of Directors or a designated Committee thereof for authorization, approval or ratification shall make a prompt, full and frank disclosure of his or her interest to the Board or Committee prior to its acting on such contract, transaction or program. Such disclosure shall include all relevant and material facts known to such person about the contract, transaction or program which might reasonably be construed to be adverse to the Corporation’s interests.
2. Determining Whether a Conflict Exists. The Board or Committee to which such disclosure is made shall thereupon determine by majority vote whether a conflict of interest exists or can reasonably be construed to exist.
3. Addressing the Conflict of Interest. If a conflict of interest is deemed to exist, such interested person shall not vote on, nor use his or her personal influence on, nor be present during the discussion or deliberations with respect to such contract, transaction or program (other than to present factual information or to respond to questions prior to discussion). The Board or designated Committee thereof shall then (a) investigate any alternatives to the proposed transaction or arrangement, (b) assess whether such alternatives are viable and whether they pose a conflict of interest, and (c) if no viable alternatives are available, determine by majority vote whether the transaction or arrangement at hand is in the Corporation’s best interest, for its own benefit, and whether it is fair and reasonable.
4. Violations of the Conflict of Interest Policy. Any director, officer, committee member, employee, contractor, or other service provider who fails to disclose an actual or possible conflict of interest shall be subject to appropriate disciplinary and corrective action. Prior to any such action, the

director, officer, committee member, employee, contractor or other service provider shall be afforded the opportunity to explain the alleged failure to disclose.

Minutes reflecting the foregoing procedure, including a description of the deliberations and the participants, shall be prepared and filed with the minute book of the Corporation's Board of Directors or applicable Committee.

Article III – Compensation

1. A voting member of the Board of Directors who receives compensation, directly or indirectly, from the Corporation for services is precluded from voting on matters pertaining to that member's compensation.
2. No voting member of the Board of Directors whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from the Corporation, either individually or collectively, is prohibited from providing information to the Board of Directors or any designated Committee thereof regarding compensation.

Article IV – Acknowledgement Statement

Each director, officer, committee member, employee, contractor or other service provider of the Corporation shall be required from time to time at the Board's discretion to sign a statement, substantially in the form attached hereto, which affirms such person:

- a. Has received a copy of the conflict of interest policy;
- b. Has read and understands the policy;
- c. Has agreed to comply with the policy; and
- d. Understands the Corporation is charitable and must engage primarily in activities that accomplish one or more of its tax-exempt purposes in order to maintain its federal tax exemption.

Article V – Periodic Reviews

To ensure the Corporation operates in a manner consistent with charitable purposes and does not engage in activities that could jeopardize its tax-exempt status, periodic reviews shall be conducted. The periodic reviews shall, at a minimum, include the following subjects:

- a. Whether compensation arrangements and benefits are reasonable, based on competent survey information and the result of arms' length bargaining; and
- b. Whether transactions and arrangements with interested director, officer, committee member, employee, contractor or other service provider:
 - conform to the Corporation's written policies, including this Policy;
 - are properly recorded;
 - reflect reasonable investment or payment for goods and services;
 - further charitable purposes; and
 - do not result in impermissible private benefit or an excess benefit transaction.

When conducting periodic reviews, the Corporation may, but need not, use outside advisors; *provided, however*, that the use of outside advisors shall not relieve the Board of Directors of its responsibility for ensuring that periodic reviews are conducted.

**USITT EMERGENCY SUCCESSION PLAN:
 Procedure for the Appointment of an Acting Executive Director in the Event of an
 Unplanned Absence of the Executive Director
 Procedure approved August 8, 2016
 (Supersedes all other documents on this subject)**

A. Rationale

In order to ensure the continuous coverage of executive duties critical to the ongoing operations of The United States Institute for Theatre Technology, Inc. (USITT) and its services to its members, the Board of Directors is adopting policies and procedures for the temporary appointment of an Acting Executive Director in the event of an unplanned and extended absence of the Executive Director. While the Board acknowledges that such an absence is highly improbable and certainly undesirable, it also believes that due diligence in exercising its governance functions requires that it have an emergency executive succession plan in place. It is expected that this plan will ensure continuity in external relationships and in staff functioning.

B. Priority functions of the Executive Director position at USITT

The key functions of the Executive Director to be covered by an acting director:

1. Serve as the organization's principal leader, representative, and spokesperson to the greater community.
2. Support the Board of Directors.
 - a) Ensure integrity and strength of Board leadership and address issues around clarity of role, governance, bylaws/policies, corporate structure, and membership.
 - b) Assist with recruitment and orientation of new Board members.
 - c) Prepare Executive Director Updates to Board of Directors
 - d) Plan and attend Board meetings and various Committee meetings.
3. Convene and lead the Management Team.
4. Participate in recruitment, interview, selection and evaluation process for directly supervised staff.
5. Implement the organization's existing short-range and long-range program and project goals.
6. Identify overall resource development goals and fund-raising plan.
7. Establish, maintain and cultivate relations with donors, foundations and other resources to support organizational programs and activities.
8. Maintain accountability for current year operating budget and financial controls.

C. Succession plan in event of a temporary, unplanned absence-- SHORT-TERM

A temporary absence is one in which it is expected that the Executive Director will return to his/her position once the events precipitating the absence are resolved.

An unplanned absence is one that arises unexpectedly, in contrast to a planned leave, such as a vacation or a sabbatical. A short-term absence is 3 months or less.

The Board of Directors authorizes the President to implement the terms of this emergency plan in the event of the unplanned absence of the Executive Director.

In the event of an unplanned absence of the Executive Director, the Director of Human Resources shall immediately inform the President of USITT of the absence. As soon as is feasible, the President shall convene a meeting of the elected Officers to affirm the procedures prescribed in this plan or to make modifications the elected officials deem appropriate.

The Executive Director will maintain responsibility for identifying to the President which of the management team is best prepared to serve as Acting Executive Director in the absence of the Executive Director. If that identified individual is unable to serve for any reason, the back-up appointee will be the President. The elected officers may also consider the option of splitting executive duties among the designated appointees.

The Executive Director shall develop a mentoring plan for training the identified staff member in each of the priority functions of the Executive Director which are listed above (section 2). The person appointed as Acting Executive Director shall have the same full authority for decision-making and independent action as the regular Executive Director. The Acting Executive Director shall receive a temporary salary increase as appropriate for the situation, as determined by the Compensation Committee.

As with the Executive Director, the Board will have responsibility for monitoring the work of the Acting Executive Director. The Compensation Committee will also be alerted to the special support needs of the executive in this temporary leadership role. As soon as possible after the Acting Executive Director has begun covering an unplanned absence, Board members and the Acting ED shall communicate the temporary leadership structure to the following key supporters external USITT:

- Government contract officers
- Foundation program officers
- Industry leaders
- Major donors

D. Succession plan in event of a temporary, unplanned absence-- LONG-TERM.

A long-term absence is one that is expected to last more than 3 months. The procedures and conditions to be followed shall be the same as for a short-term absence with one addition: the Board of Directors will give immediate consideration to whether USITT should engage an Acting External Director from outside the organization. If the identified staff member serves as the Acting Executive Director, the Board of Directors should evaluate with the Acting Executive Director, the potential need to temporarily back-fill the management position left vacant by the Acting Executive Director. This is in recognition of the fact that, for a term of more than 3 months, it may not be reasonable to expect the Acting Executive Director to carry the duties of both positions. The position description of a temporary manager would focus on covering the priority areas in which the Acting Executive Director needs assistance.

E. Succession plan in event of a PERMANENT unplanned absence.

A permanent absence is one in which it is firmly determined that the Executive Director will not be returning to the position. The procedures and conditions shall be the same as for a long-term temporary absence with one addition -- The Board of Directors shall appoint a Transition and Search Committee to plan and carry out a transition to a new permanent Executive Director

Procedure for Establishing a USITT Award, Grant, Fellowship, and Scholarship
Reviewed and adopted November 12, 2011
 (Supersedes all other documents on this subject)

NOTE: The USITT Board of Directors must approve all awards/grants/fellowships/etc. given in its name.

Definitions:

AWARD: The USITT Awards & Resolutions Committee (A&R) oversees this category. Recognition of excellence in and/or significant contributions to design, technology, management, and/or architecture for the performing arts and entertainment industries, through a variety of awards. This category includes both awards determined by the committee itself and awards administered and adjudicated by the commissions (Architecture, Distinguished Achievement, and YDT) or the Institute (Rising Star).

GRANT: The Grants & Fellowships Committee (G&F) oversees this category. Funding dispersed to a member's specific project in design, technology, management, and/or architecture for the performing arts and entertainment industries, through an application process. Grants require some level of compliance and reporting. This category includes grants administered and determined by the committee itself and grants administered and adjudicated by other USITT units.

FELLOWSHIP: The Grants & Fellowships Committee administers this category. Funding dispersed for a member's excellence in scholarship or creative activities in design, technology, management, and/or architecture for the performing arts and entertainment industries through an application process. Proposals for USITT Fellowships must have a coherent theme and result in important scholarly or creative activity with a significant result.

SCHOLARSHIP: Funding in the form of financial aid for student members in order to further their education in the performing arts and entertainment industries. Scholarships are based on various criteria reflecting the values and purposes of the donor or founder of the award. If the Scholarship is a one-time gift, then the USITT Awards & Resolutions Committee would administer it as an award. If the scholarship support is ongoing and requires continual financial oversight, then the Grants & Fellowships Committee would administer the scholarship.

Proposals for establishing new awards/grants/fellowships/scholarships or the naming of such may come from any source, inside or outside the Institute. The following steps serve as a guideline:

1. The proposal describing the award/grant/fellowship/scholarship must be made in writing and sent to the Executive Director and the President of USITT.
2. If the donor/supporter does not have a fixed idea of where to tender support, or if the choice does not fully comport with USITT's organizational structure, the President and Executive Director will designate person(s) to consult with the donor regarding the various options available, depending on the focus of the offer. This consultation may include the

Treasurer as necessary to determine how funding the proposed designated donation would be handled.

3. If the donor wishes to establish a new award/grant/fellowship/scholarship, the consultant(s) will work with the donor to establish appropriate criteria for the donation, including a timeline for the establishment procedure, process for the application/awarding, and appropriate oversight committee.
4. The consultant(s) will then forward the donation information and comments to the National Office for input and the completion of Part I of **Check Sheet for New USITT Awards, Grants, Fellowships, and Scholarships**. Any necessary consultation with the Treasurer would occur at this point. Upon completion of the Check Sheet, the National Office will then forward the proposal for deliberation to the appropriate committee depending on the focus of the proposal.
5. The proposal, deliberations, and recommendations from the designated committee(s) are then reported to the USITT Board of Directors, along with the committee's recommendation for approval/non-approval. The Board will make the final determination regarding the award proposal.
6. No award, juried or non-juried, may be given without existing funding support and a USITT budget line.

eSet Council

ad hoc Committee approved November 20, 2015
(Supersedes all other documents on this subject)

COMMITTEE TYPE: Ad hoc

BACKGROUND: On March 17, 2014, the ESTA Foundation began the Essential Skills for Entertainment Technicians Program to quantify what the basic expectations are for people entering our industry as professional technicians. With a realignment of mission when the ESTA Foundation became the PLASA Foundation, the eSET Program was transferred to USITT. In order to assume the responsibility for the development of this program an ad hoc committee needs to be established by USITT.

COMMITTEE CHARGE: The Committee shall create a working policy for the eSET Council to be approved by the board and to establish as part of this process working groups for rigging, lighting, costumes, and safety & health.

eSET

eSET is an acronym for Essential Skills for the Entertainment Technician. The concept and lexicon began with the ESTA Foundation and is being further developed by USITT. It is a proficiency examination which helps to determine the knowledge and skill set required a person seeking entry level employment as an entertainment technician.

When both the written and practical exams are passed, a certificate is granted. For the working technician, the certificate indicates that the person being tested shows proficiency with the entry-level basic skill sets necessary for the job. For the educator, the exam serves as a teaching tool, providing a listing of the basic skills that students will need for success in the entertainment industry. For potential employers, the successful completion of the exam gives the confidence that their hire is familiar with the discipline. eSET provides an assessment, written by industry experts, for all sectors of the entertainment industry.

The eSET process is two-fold. There is an online written exam testing essential knowledge consisting of two tests: the first consists of basic Terms and Safety questions and a second testing in a specific discipline. The second step of the process is a practical exam which tests applicable skills. The passing of the written exam is required before applying for the practical.

Currently online testing for the specific disciplines of costuming, lighting, and rigging is available. Practical testing will be available at various announced sites. The cost of the online exams will be \$40 for the first test and \$20 for each subsequent test. The practical exams are free.

Terminology used throughout all of the exams is found in the lexicon, available to download on your Apple device. Launch of the Droid app is scheduled for Feb 1.

FINANCIAL POLICIES/PROCEDURES:

COMMISSIONERS' FUND POLICY

Policy re-adopted November 11, 2011

Supersedes all other documents on this subject

EXPLANATION

The Commissioners' Fund was established August 12, 1990, as a USITT Board-designated unrestricted fund to support special Commission activities. This fund consists of the accumulated net of income less expense from Commission-sponsored Pre/Post Conference Events held in conjunction with the Institute's Annual Conference & Stage Expo.

The purpose of the fund is twofold: (1) To provide income to support Commission projects that require initial funding out of cycle with the Institute's budget process. Thus, a project could be started while awaiting the formal budgetary cycle. (2) To fund unanticipated overages in Commission budgets should the need arise. It is intended that monies would only be drawn from the Commissioners' Fund once all regularly budgeted Commission funds have been expended.

APPLICATION PROCEDURE

- 1) A formal project proposal (with budget projections) is developed by a project chair in conjunction with the appropriate Commissioner(s).
- 2) When the Project Proposal is complete, the Commissioner will forward it, with comments and recommendations, to the Vice-President for Commissions.
- 3) The Vice-President for Commissions will review the proposal and forward it, with comments and recommendations, to the Commissioners Steering Committee for review.
- 4) The Steering Committee votes on the proposal and informs the Vice-President for Commissions of the voting results.
- 5) If the Steering Committee votes not to fund the project, the Vice-President for Commissions will notify the Commissioner(s) and project chair. If the Steering Committee votes to fund a project, the Vice-President will inform the Commissioner(s), the project chair, the Executive Director, and the Treasurer.

USITT INVESTMENT POLICY
 (Originally adopted March 2004)
Policy amended March 27, 2012
 (Supersedes all other documents on this subject)

I. PURPOSE

The purpose of this policy is to document the investment guidelines and objectives for all monies invested by the United States Institute for Theatre Technology.

II. DESCRIPTION OF FUNDS

USITT Funds consist of Unrestricted Funds, Temporarily Restricted Funds and Permanently Restricted Funds.

III. INVESTMENT OBJECTIVES

The investments will be made in such a manner that ensures a total return necessary to preserve and enhance the principal of the funds and at the same time provides a dependable source of income for current operations, if needed.

At all times, it is expected that investment advisors will adhere to the set of guidelines and procedures outlined below. Changes, if appropriate, should be made by a written request and are subject to the Finance Committee's approval before action by the Board of Directors. USITT does not seek a high-risk, high volatility approach, which produces large gains as well as large losses. Investment advisors should maintain a consistent approach utilizing stocks, bonds, and short-term investments.

USITT INVESTMENT PROCEDURES AND GUIDELINES
Procedure reviewed March 27, 2012

The procedures and guidelines that follow shall remain prudently flexible. Economic conditions and market forces may move portfolios several percentage points from their asset allocations. The Institute's Financial Advisor, the Treasurer, and the Finance Committee will review changes in the investment account(s) on a regular basis and recommend significant changes for Board approval in the procedures and guidelines when conditions warrant. Minor variations in the portfolio in such matters as asset reallocation in balancing the portfolio or drawing from the portfolio for awards following the established procedures and guidelines will be executed by the Treasurer and reported on the monthly financial reports.

The role of the procedures and guidelines is to provide scheduled reporting, on known criteria, assess the status of the investment monies of USITT, and provide documentation on actions made within the portfolio allocations.

Procedures and Guidelines governing the investment portfolios will govern the following areas:

1. Investment portfolio allocations.
2. Parameters, limitations, and guidelines of investment instruments in the portfolio.
3. Procedures for withdrawal of funds
4. Investment indices monitoring of the portfolio.
5. The status quo of the funds within the portfolio.
6. A quarterly snapshot of the Institute's assets and comparison to a yearly figure based on audited amounts.

It is an accepted practice that, when services are needed within USITT, volunteers from the Membership or from outside USITT will be sought to perform those services without cost to the Institute. USITT POLICY FOR INTERNAL ACCOUNTING CONTROLS

(Including Procedures for Contracts, Bids, and Agreements)

Adopted March 8, 2011

Amended March 25, 2014

Effective internal controls are important to all organizations, regardless of their size. An internal control system will:

- Protect cash and other assets,
- Promote efficiency and processing transactions,
- Insure reliability of financial records,
- Enhance the Board of Directors' security in its fiduciary responsibilities to the membership and government entities.

Most internal control systems are based on the principle of the separation of duties. Separating duties make it more difficult for theft and errors to go undetected.

The Executive Director (ED) is responsible for the compliance of internal control procedures. The Audit Committee is charged with the oversight of those internal controls.

USITT specific areas of internal control include:

- authorizing financial transactions – expense authorization, related payment of expenses, vendor credit applications, and approving contracts and agreements; vouchers, and invoices;
 - access to assets – check signing authority and transferring funds;
 - asset accountability - monthly financial reporting, and the segregation of duties
-

USITT PROCEDURES FOR INTERNAL ACCOUNTING CONTROLS

ADOPTED March 11, 2011

Amended March 30, 2012

Amended November 12, 2013

The following procedures for internal controls provide a system of checks and balances for all financial transactions and access to assets. The Executive Director (ED) is responsible for the implementation and compliance of the internal controls. The Audit Committee has the authority to investigate any matter of activity involving the internal controls.

1. Authorization of Financial Transactions

Expense Authorization and the Related Payments of the Expenses

USITT expenditures including vendor invoices and/or payment requests must be authorized and approved by the responsible Officer or Executive Director or their designee of the specific budget line item expenditure. Expenditures including vendor invoices and/or payment requests are approved by a voucher signature, invoice signature, or acceptable e-mail documentation from the responsible Officer.

The vendor invoices and/or payment requests are forwarded to the Finance Assistant for general ledger account coding.

On a weekly basis, the Finance Assistant batches the coded vendor invoices and/or payment requests and forwards them to the Director of Finance and Human Resources (DFHR).

The DFHR reviews the payment request against the budget, approves the coding, checks the invoice mathematical accuracy, and returns them to the Finance Assistant. At this time, the DFHR also provides the correct number of checks to the Finance Assistant that is required to pay the approved vendor invoices and/or payment requests.

The Finance Assistant then prints the checks and submits them to the DFHR along with the vendor invoices and/or payment requests. The DFHR then reviews the checks and the invoices before signing and mailing them.

Refer to the Access to Assets section for check signing procedures.

Vendor Credit Applications

The DFHR is responsible for submitting required vendor credit applications (VCA). A VCA that requires an Officer's signature will be signed by the Executive Director, President, or Treasurer.

Contracts & Agreements

All contracts and agreements entered into by USITT will be reviewed by the respective Officer or VP and approved by the Executive Director. The Executive Director reviews and approves all contract/agreement expenses (if applicable) against the budget. All original copies of Contracts and Agreements are filed and maintained in the National Office.

- Documents of \$25,000 and above are signed by the President or as appointed by and on behalf of the President; such an appointment shall be in writing and filed with the DFHR.
- Documents less than \$25,000 are signed by the Executive Director or as appointed by and on behalf of the Executive Director; such an appointment shall be in writing and filed with the DFHR.

2. Access to Assets

Check Signing and Electronic Transfer Authority

The President, Treasurer, Executive Director, and DFHR will be the authorized signatures on all USITT asset accounts, including checking accounts, certificates of deposit, and investment accounts. A single signature of the President, Treasurer, Executive Director, or DFHR is required for checks less than \$10,000. Checks \$10,000 and above require the signatures of any two of the positions listed above.

Transfer of Funds

General operating fund bank balances are reviewed at the end of each calendar quarter by the Executive Director and DFHR for their optimum levels.

Transfers between the bank and the investment portfolios shall be approved by the Treasurer after consulting with the Investment Advisor, C.P.A. and the Finance Committee.

The Treasurer is charged with supervising the selection of all accounts and recommending the location and type of accounts. Institute checking and investment accounts will be maintained by the DFHR.

Guidelines for the investment funds are found in the Institute's Investment Policy and governed by action of the Board of Directors (Board). The President, Treasurer, or Executive Director may execute decisions reached through this policy following the Access to Assets procedures.

3. Asset Accountability

Monthly Financial Reporting

The DFHR is responsible for the preparation of the following monthly reports:

- a) Statement of Financial Position
- b) Budget Report
- c) Budget Narrative
- d) Investment Account Activity Report

The monthly financial reports in (a) through (d) include an analysis of actual revenue and expenses by Fund as compared to the Budget.

The Treasurer's approval is required on these reports. Upon the Treasurer's approval, they are then sent to the Finance Committee and the Board of Directors.

4. Segregation of Duties

Bank and Investment Statements

Monthly bank and investment statements are opened and reviewed by the Executive Director (DFHR opens the statements in the event that the Executive Director is unavailable). The statements are then sent to the DFHR for review and then to the Finance Assistant for processing. Copies of bank and investment statements are sent to the Treasurer each month or at the end of each quarter depending on the frequency of the statements.

During this review process, the Executive Director is looking for unusual check signatures, suspicious payees, duplicate payment amounts, or any other extraordinary items.

Cash Receipts and Accounts Receivables

On-Site

Checks and credit card payment information is received through the Internet, U.S. Postal Service, or facsimile. The Member Services Associate (MSA) and the Director of Member Services (DSM) process the information on a daily basis. Once processed, a detailed report is printed and forwarded to the Finance Assistant along with the respective checks and credit card receipts.

Off-site Events

For off-site events, the Institute hires bonded and insured temporary personnel to perform cashiers' duties. They receive cash, checks, and process credit card payments for event fees. Event attendees complete a three (3) part registration form wherein they request the event(s) they wish to attend. The Cashier totals the three (3) part registration form and requests payment from the attendees.

Attendee's payments are in the form of cash, check, or credit card. After the payments are received, the cashier stamps and initials the three (3) part registration form.

The three (3) copies of the registration form are distributed to the following individuals:

- 1) The Cashier
- 2) The DSM
- 3) The Attendee

At the end of each day, the DFHR and the Finance Assistant reconcile the actual payments received to the cashier's copy of the registration form. The DFHR and the Finance Assistant verify each other's reconciliations. Cash is deposited daily by the DFHR and Finance Assistant.

The MSA and DSM process the information into the database and provide the Finance Assistant with a detailed report when they return on-site.

The Finance Assistant enters the transactions into the accounting system and prepares the bank deposit, if applicable.

The DFHR then delivers the bank deposit ticket, (including the checks received) to the bank, if applicable.

Similar internal control procedures are in place for the sale of publications and merchandise.

Bank Reconciliation

The Finance Assistant prepares the bank reconciliations upon receipt of the bank statement from the Executive Director or the DFHR.

Once the bank reconciliation is completed by the Finance Assistant, it is sent to the DFHR for review and approval.

Journal Entries

General ledger journal entries are prepared by either the Finance Assistant or the DFHR. The DFHR and Finance Assistant verify each other's journal entries.

Payroll

Bi-weekly payroll is processed and prepared by an outside payroll firm.

The bi-weekly payroll is authorized and transmitted to the outside payroll firm by the DFHR.

The bi-weekly payroll reports and paychecks are received and reviewed by the Executive Director (DFHR will receive in the event that the Executive Director is unavailable).

Upon the Executive Director's approval, they are forwarded to the DFHR for distribution to employees and entering into the general ledger.

Annual Audit

An audit of the corporation books is performed annually by an outside C.P.A. firm.

Following the conclusion of the fiscal year, the DFHR is charged with preparing a trial balance and general ledger report and presenting it to the Institute's Certified Public Accountant. The Audit Committee will review and accept the audited financial statements from the C.P.A. The Treasurer presents the final audited financial statement to the Board of Directors.

USITT TRAVEL REIMBURSEMENT POLICY AND PROCEDURES

Policy revised and adopted November 11, 2011

Amended August 13, 2015

Procedures reviewed October 22, 2010

Supersedes all other documents on this subject

TRAVEL AND HOUSING REIMBURSEMENT POLICY

Persons traveling on USITT business and requesting reimbursement are expected to keep all travel-related expenses to a minimum. Advance purchase, economy plane fares are to be secured whenever possible and budgets should be developed using these fares. USITT-arranged double-occupancy rooms are to be utilized wherever possible. **THE INSTITUTE HAS LIMITED FUNDS AND NON-AUTHORIZED EXPENSES WILL NOT BE REIMBURSED.**

It is vital to the ongoing work of USITT that persons scheduled to attend meetings, retreats, or other scheduled Institute events be able to do so. If an individual has a need for reimbursement beyond what the policies allow, that individual should contact their supervising Officer, the USITT President, or the Executive Director.

I. TRAVEL FOR BOARD MEETINGS AND RETREATS NOT OCCURRING DURING THE ANNUAL CONFERENCE

Members invited to these meetings will be reimbursed upon request for up to

- 1/2 of economy class air transportation, or
- 1/2 of mileage expense at the current IRS rate for business purposes (up to but not exceeding the cost of airfare), or
- 1/2 of bus or train transportation
- Round trip ground transportation or airport/hotel parking not to exceed \$100 (as needed).

II. TRAVEL BY USITT MEMBERS FOR SPECIFIC BUDGETED ACTIVITIES

Members authorized to travel for an approved budgeted activity will be reimbursed for the following:

- Advance-purchase, round-trip, economy air or train or bus fares are to be used whenever possible. Use of personal vehicles IF APPROVED IN ADVANCE will be reimbursed at the current IRS rate for business purposes (up to or not exceeding the cost of airfare). If it is determined that renting a car is more cost effective for the Institute than use of a personal vehicle, then this option should be pursued. Web-based distance mileage estimates will be used.
- Round-trip ground transportation or airport/hotel parking not to exceed \$100 (as needed).
- Reasonable car rental, when necessary.
- Board members who serve on committees during the same time as a non-conference Board meeting will be reimbursed 100%. Expenses will be applied to appropriate budget lines.

The budget of the anticipated expenses should be prepared by the reporting Officer as part of the annual budgeting process.

This category also includes travel for appointed and designated USITT representatives for the Prague Quadrennial and international meetings. All requests for support and reimbursement go through the Chair of the International Activities Committee.

III. TRAVEL INVOLVING THE ANNUAL CONFERENCE & STAGE EXPO

A. TRAVEL FOR CONFERENCE COMMITTEE MEMBERS

Travel expense for up to three planning meetings per fiscal year will be paid by USITT for committee members as designated by the Vice-President for Conferences. Travel will be reimbursed for the following:

- Advance-purchase, round-trip, economy plane fares or train or bus. Use of personal vehicles IF APPROVED IN ADVANCE will be reimbursed at the current IRS rate for business purposes (up to or not exceeding the cost of airfare). If it is determined that renting a car is more cost effective for the Institute than use of a personal vehicle, then this option should be pursued. Web-based distance mileage estimates will be used.
- Round trip ground transportation or airport/hotel parking not to exceed \$100 (as needed).

B. COMMISSION GUESTS

The Institute *may* pay advance-purchase, round-trip, economy plane fares from the presenter's "home base" to and from the conference and reasonable ground transportation costs. If the same guest receives non-member presenter support for two consecutive conferences, the guest will no longer be eligible for reimbursement.

Commission guests must make their travel arrangements through the USITT-designated travel company, or designated airline. Any special travel over and above the amount detailed above is the responsibility of the presenter. If presenters wish to make their own travel arrangements or to combine the trip with other destinations for personal convenience, the Institute's maximum cost shall not exceed the cost of advance-purchase, round-trip, economy plane fares calculated by the travel agent at the lowest available rates. This sum would then be paid directly to the presenter and the presenter will take full responsibility for personal travel costs and arrangements.

NOTE: If travel is booked using the USITT designated travel company or designated airline and then cancelled, the individuals must refund USITT the cost of the ticket and keep the ticket for future personal use. This policy is to protect the Institute from incurring costs associated with ticket cancellation fees.

C. AWARD RECIPIENTS AND OTHER APPROVED CONFERENCE GUESTS

Award recipients and other approved conference guests may receive travel compensation as determined by the Vice President for Conferences and/or the President and/or the Executive Director.

PROCEDURES FOR OBTAINING REIMBURSEMENT FOR APPROVED TRAVEL EXPENSES:

To receive a reimbursement, complete a USITT expense voucher (obtainable at the USITT website by clicking on the Volunteer Tools tab). Mail/e-mail a completed voucher with receipts to the

reporting USITT Officer for approval. The Officer will approve the documents in writing or electronically and send an e-mail from the officer to the USITT Director of Finance with the officer's approval. This process may be completed electronically. An e-mail with the Officer's approval will be considered an acceptable substitute for the Officer's signature.

HOUSING REIMBURSEMENT POLICY

Note: The Institute will not reimburse room service, meals charged to the room, and the like; these charges are the responsibility of the member unless specifically budgeted.

I. HOUSING FOR BOARD MEETINGS AND RETREATS NOT OCCURRING AT THE ANNUAL CONFERENCE

USITT will make available moderately priced accommodations for participants. Members invited to these meetings will be reimbursed upon request for up to 1/2 hotel expense of a single room (as arranged by the Institute) once each fiscal year (July 1 to June 30). If two members choose to room together in the hotel, the Institute will cover the cost of that hotel room.

II. HOUSING FOR USITT MEMBERS FOR SPECIFIC BUDGETED ACTIVITIES

Reasonable accommodation, typically double occupancy, is covered for USITT members whose housing has been included in the approved budget for the activity. The anticipated budget should be prepared by the reporting Officer and submitted to the President, Executive Director, and USITT Director of Finance for approval and tracking.

III. HOUSING INVOLVING THE USITT ANNUAL CONFERENCE AND STAGE EXPO

A. HOUSING FOR CONFERENCE COMMITTEE MEMBERS

1. Planning Meetings: Housing expense for planning meetings will be paid by USITT for those called to these meetings. Housing will be paid directly by USITT at the selected hotel for double occupancy rooms. If a gender balance cannot exist, USITT will pay for a single occupancy room. Should a member elect a single occupancy room, USITT will pay ½ the room rate – the member is responsible for the remainder.
2. Housing during the conference will be reimbursed for Committee members designated by the Vice-President for Conferences and approved by the President and/or Executive Director. These may include:
 - Program Coordinator (Sunday to Sunday)
 - VP-Programming
 - VP-Operations
 - VP Conferences
 - Regional Programming Coordinator (Sunday to Sunday)
 - Media Resources Coordinator (Sunday to Sunday)
 - Student Volunteers Coordinator (Sunday to Sunday)
 - Office Coordinators (Sunday to Sunday)
 - Trouble Shooter Coordinator (Sunday to Sunday)
 - Special Events Coordinator (Monday/Tuesday nights)

- SMMP Coordinator and non-member guest mentors (limit 2) (Sunday to Sunday)
 - Transportation Coordinator (Monday/Tuesday/Wednesday nights)
 - Such Assistant Coordinators as determined by the VP-Conferences up to the same limits as the Coordinator assisted.
3. A complimentary suite is provided for the President.

B. HOUSING FOR COMMISSION GUESTS

The Institute *may* pay two nights housing in the conference hotels. If the presenter is making more than one presentation during the course of the conference, the hotel allowance will be adjusted accordingly. Compensation is determined by the budget allotment for non-member presenters as they are identified. Compensation may include Pre-Conference Events.

C. HOUSING FOR AWARD RECIPIENTS AND OTHER APPROVED CONFERENCE GUESTS

Award recipients and other approved conference guests *may* receive housing compensation as determined by the Vice President for Conferences and/or the President and/or the Executive Director. These might include: Oscar G. Brockett Golden Pen, USITT Award; Distinguished Achievement Award (2 nights); Keynote Speaker; Architecture Award Jury (2-3 nights).

D. HOUSING FOR INTERNATIONAL GUESTS

1. BY INVITATION: Guests receive 5 nights housing as arranged by the Institute.
2. OISTAT: The invited OISTAT Committee may receive housing as arranged by the Institute in a shared room for 3 nights. This is paid for by funds allocated for OISTAT participation.

PROCEDURES FOR OBTAINING REIMBURSEMENT FOR APPROVED HOUSING EXPENSES:

If USITT is providing hotel accommodations, members will be billed by USITT for their portion of the housing expenses (as applicable). Note that the Institute will not reimburse for room incidentals, room service, or food/phone/internet connections and the like, unless such charges were agreed upon in advance and approved by the supervising Officer, President, or Executive Director. If such charges are incurred, they must be cleared when checking out.

The curatorial process must be transparent, including any written evaluation criteria and feedback. These will be made available upon request.
